MRPC hosts the 2015 Junior Olympics

Every year, the MRPC Junior Program hosts the Junior Shooting Olympics in the month of January at the indoor range. This year, the MRPC hosted more than 75 participants for the Junior Olympics, Saturday January 17th and Sunday January 18th.

Kids were participating from the cities of Grand Forks,

Bismarck, Devils Lake, Wolford, Ayr, and Minot.

Many of the kids participated in the four different matches held for the Junior Olympics: Air Rifle, Air Pistol, Sport Pistol, and 3 Position Small Bore.

Participation started early in the day and ran through late afternoon each day. Each participant brought their own equipment and gear to participate in the Olympics.

The participant scores were compiled with a fast scoring system. The Orion Scoring System was brought in by the Devils Lake junior shooting team to score the targets faster than manually calculating each target sheet.

(Please refer to the article on the Orion Scoring System on page two of the newsletter for more information).

Next Junior Shooting participation will be February 7th and 8th for the State Championship and Sectional. All of the matches have been filled and second matches are slowly being requested. Good Luck to all of the Junior Shooting participants that weekend.

Orion Scoring System Acquired for Junior Program

An Orion Scoring System has recently been acquired by the MRPC for primary use with the Junior Shooting program.

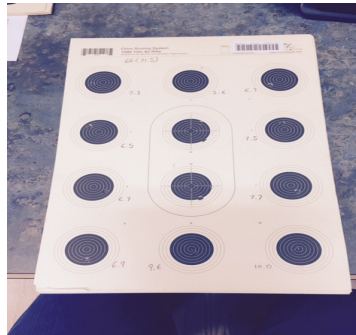

The Orion Scoring system is a mixture of different tools to score

targets, match management, and store scoring results. It will allow scanned targets to be scored, saved, and reported in a quick manageable program.

The program will also allow the coaches to work with the youth shooter with the programmed coaches tools. It contains performance-oriented results. These results, such as size of group, or center of group, can help coaches and shooters identify performance-oriented problems.

It will be used for the first time

by the MRPC Juniors at the Junior State Sectionals February 7th and 8th.
