Junior Shooting— Saturday October 25th was the first day of the new season for Junior Shooting. We had around fifteen participants on the first day. If you did not make it out yet, you are welcome any Saturday in the future. There is no end date in signing up to participate in the program.

MRPC Logo Contest— Thank you to all of the submissions that we have received for the MRPC logo contest. The board has reviewed all of the submissions at the November Monthly Meeting. We have chosen two different logos.

MRPC Discipline Spotlight

Cowboy Action Shooting is not only a shooting competition, but also an atmosphere where shooters can re-live their favorite TV Westerns or portray a persona from the actual West. About a hundred years after that famous gunfight at the OK Corral, SASS (Single Action Shooting Society) introduced Cowboy Action Shooting.

It began in 1981 as an idea and blossomed to what we have today. Men and

women are dressed in 1880's costumes as cowboys, Native Americans, soldiers, gamblers, saloon girls, and many other characters from the old west. Each shooter adopts an alias that is registered and protected by SASS. This alias allows you to build or rebuild the character that you would like to portray.

In cowboy action shooting all guns must be SASS approved and pre-1899 in design. You will need two single action revolver handguns; a rifle or carbine, usually a lever action, in a pistol caliber. It's a good

idea to have it in the same caliber as your revolvers. Shotguns may be a double barrel or a pump with an external hammer. Keep in mind, if the double barrel has automatic ejectors, they must be disabled.

A match consists of a series of stages which are timed separately.

As with all of the matches that are held within the club, our matches are all club level and is open to everyone. Everyone is encouraged to come to a competition to see for themselves the fun of competition and camaraderie.

Range Day Volunteers needed Saturday December 6th, 9 am to Noon. Carpenters and General Laborers are needed.
